Summary

Passionate Computer Science undergraduate with hands-on experience in full-stack web development (MERN). Proficient in building scalable and user-focused applications. Skilled in JavaScript, React.js, Node.js, and cloud integrations. Eager to contribute innovative solutions in a dynamic development environment.

Experience

IBM Summer SkillsBuild Trainee | June 2025 – Present

- Actively participating in IBM's Skills Build Summer Training program focused on technology and industry readiness.
- Attending hands-on masterclasses and lab sessions covering software engineering, cloud, AI, and soft skills.

Technical Skills

- Programming Languages: Java, Python, JavaScript
- Databases: *Mongo Db*, *My SQL*, *PostgreSQL*
- Framework and Libraries:- React.js, Node.js, Express.js, Bootstrap, Tailwind CSS, Socket.io
- Tools and Platforms:- Git, GitHub, Render, Google O-Auth, Azure

Educational Qualification

Bachelors of Technology (August 2022 - August 2026)

Guru Tegh Bahadur 4Th Centenary Engineering College

- CGPA: 8.6/10.0
- Computer Science and Engineering

Projects

Creating Dimensions: Portal to buy or sell notes.

Check it out , [GitHub](#)

- Built a full-stack web portal enabling users to securely buy/sell academic notes using MERN stack.
- Implemented **user authentication/authorization** using JWT, and **email verification** via SendGrid.
- Integrated a chatbot using [tech stack] to assist students with instant query resolution.

Coding Buddy: Your Coding Partner

Check it out , [GitHub](#)

- Developed a web-based code assistant using **Gemini API** for real-time code review, analysis, generation.
- Added multi-language support with output/error display for compiled code.

Co Flow: A real time collaborative white board.

Check it out , [GitHub](#)

- Engineered a real-time collaborative whiteboard using **Socket.IO** and **Konva.js**, supporting drawing tools and animations.
- Enabled seamless team collaboration via **Google OAuth-based authentication**.

Extra Cirucular Activities and Certifications

E-Cell GTB4CEC - Former Member

Code Geeeks - Former Member

MERN Stack Certification
